Professional Summary

B.Tech Computer Science student and full-stack developer with a strong command of HTML, CSS and JavaScript, along with Java and Python. Builds complete, responsive web applications, from clean, user-friendly front ends to back ends with Spring Boot, FastAPI and MongoDB.

Skills

Languages: Java, Python, JavaScript, SQL
Frontend Development: HTML, CSS, JavaScript
Backend Development: Spring Boot, Spring Data JPA
Databases: MongoDB Atlas, MySQL, SQLite
Tools and Platforms: Git, GitHub, VS Code, IntelliJ IDEA, Jupyter Notebook
Soft Skills: Problem solving, communication, teamwork, adaptability, time management

Experience

HSR Hi-Tech Solutions *Frontend Developer Intern* Remote *May 2025 – Jul 2025*
– **Restaurant POS System**: Built the frontend of a POS web app in Next.js, React, TypeScript and Tailwind CSS
– **Ordering Interface**: Touch-friendly menu with category filters, a live cart and cash, card or digital payment
– **Kitchen and Admin Views**: Live kitchen dashboard with colour-coded order status and a menu admin panel
– **API Integration**: Connected the UI to Next.js REST API routes on MongoDB/Mongoose, with toast notifications

Academic Project Based Experience *Full-stack and Java Developer* Sharda University *2024 – Present*
– **Full Stack Development**: Designed and developed academic projects across frontend, backend and database layers
– **Backend Logic Implementation**: Implemented authentication, data validation and business logic in Java and Python
– **Database Integration**: Designed relational schemas and integrated MySQL and SQLite for persistent storage
– **Code Quality**: Followed modular coding practices, version control, automated testing and debugging techniques

Projects

• **Mentora (AI Learning Platform)** *Python, FastAPI, MongoDB Atlas, HTML/CSS/JS, GitHub Actions, Render* Live
– **AI Tutor**: Full-screen chat tutor that explains concepts step by step for students across 8 subjects
– **Adaptive Practice**: 10-question rounds from 800+ questions that adapt in difficulty and revisit missed topics
– **Goals and Analytics**: Week-by-week roadmaps that adapt to results, with line graphs of progress per subject
– **Teacher Tools**: Class codes, subject folders, quizzes and per-question analysis to track how a class performs
– **Accounts and Support**: Sign-up with email verification, password reset and a built-in help desk

• **LibriSphere (Multi-vendor Bookstore)** *Java 21, Spring Boot, Spring Data MongoDB, HTML/CSS/JS* Live
– **Marketplace**: Sellers manage listings, stock and orders; buyers search, filter and buy from many sellers in one cart
– **Orders**: Checkout, order tracking and cancellation of an order or single item, with stock returned
– **Dashboards**: Seller and admin dashboards with sales figures, order management and seller approval
– **Secure Accounts**: Email verification, password or emailed-code sign-in, password reset and a help desk via Brevo
– **Architecture**: Spring Boot REST API with a plain JavaScript frontend on Vercel, Render and MongoDB Atlas

Certifications

• **Web Development**: HTML CSS and JavaScript Data Flair 2024
• **Java Foundations**: Oracle Academy 2024
• **React Mastery Workshop**: GitHub Club Technova Sharda University 2025
• **Sharda University Training Program**: GeeksforGeeks

Education

Sharda University (Greater Noida India)
Bachelor of Technology Computer Science Engineering *2023 – 2027*
